Phi Theta Kappa Officers Elected

Jimmy Cook has been elected to lead the Alpha Omicron chapter of Phi Beta Kappa for the 1951 term.

Other officers elected at the initial meeting of the scholastic fraternity are Edward Thwaites, vice-president; Benjie Holbrook, secretary; Julia Ann Sledd, treasurer; and Jean Hill, his-

torian.

Alpha Omicron also has within its ranks the National President, Dwight Ewing. Dwight was elected to this office during the national convention held at Tyler last April.

The gavel which Dwight will put to use at the 1951 convention in Independence, Kansas, has been placed in the main show case along with a bronze plaque of the Golden Key, the symbol of Phi Theta Kappa. The plaque will be placed in the school of the national president each year. It was a gift of the Virginia, Minnesota, chapter.

At the first meeting plans were formulated for the student directory, an annual project. It is hoped that this directory will be published before Thanksgiving.

"Do I look nonchalant?" whispered the rushes nervously. Thus spoke the freshmen damsels as they said their final prayers before facing the caustic scrutiny of that sorority last Sunday. But the prize slip of the day belongs to Nora Korkmas. While discussing writing letters to boys, with a freshman, Nora remarked, "You ought to save everything he writes you and someday you can erything he writes you and someday you can blackball him." Here it is, the first rush party of the year and you are already "blackball" happy. (It's a disease, you know.) Better bow low to Nora, freshman, or you just ain't got a chance.

SAMMY SHARP is the personality of the week in my column. SAMMY is from Troup, Texas (the pepper capital of the world) and if you are going to be around him you better not forget it for one moment . SAMMY is very proud of Troup and says he wouldn't live any place else.

SAMMY has had the distinction of going to three different colleges in his first three semesters of college life. Not many can make this claim. His first semester was spent at New Mexico Military Institute. He tells the tale that he wanted to run back to Texas but that police were patrolling the grounds of the school. Last spring SAMMY tried TJC and decided this was the place for him. This summer, however, to pass away time SAM went to Kilgore Junior College—(mum's the word, this must go no further).

SAMMY is very willing to be active in all school functions. In Troup High School he was a member of the Spanish Club, Speech Club, Science Club and reporter of the sophomore, junior and senior class. While at junior college he has worked on the Pow Wow staff and the Apache staff.

SAMMY is a good of Methodist and plans to finish college at Southern Methodist University with a degree in history.
